

Creating a culture of learning in Alberta

All Albertans need the skills to fully participate in learning, life and work.

Literacy Alberta is the provincial organization that provides:

- learning tools and resources
- literacy training and professional development
- a forum to share information, news and research
- a connection to a pan-Canadian perspective on literacy

Alberta

Literacy...

The future depends on it.

Improving literacy and essential skills leads to a healthy, economically stable society, with a strong and growing workforce.

Literacy Alberta is a leader in literacy and essential skills.

Key programs and services:

- professional development programs, including essential skills and literacy training
- Literacy Audit workshops for community agencies, health organizations and corporate workplaces
- LearningLinks, Canada's largest resource centre for literacy, essential skills and learning difficulties, operated in partnership
- the Literacy Alberta Help Line, our free, confidential information and referral service
- co-host of annual Literacy and Learning Symposium for literacy and adult learning practitioners, instructors, tutors and adult learners
- Plain Language services for materials and documents

Creating a culture of learning in Alberta

All Albertans need the essential skills to fully participate in learning, life and work.

Adults without adequate essential skills, including those currently in the workforce, may have difficulty:

- accessing health or financial information
- understanding documents
- communicating through social media, email, websites
- participating in decision-making processes
